2011 Provenance Vineyards Cabernet Sauvignon Beckstoffer To Kalon Vineyard

85 Points

Wine Advocate - October 2013

The 2011 Cabernet Sauvignon Beckstoffer To Kalon displays suppressed aromatics, although some red and black fruit notes fight their way through. In the mouth, it is the lightest effort I have ever tasted from this first-growth site. What's there is pleasant, but the wine has no core, depth or finish.

There is no question that this winery can do a lot better than these 2010s and 2011s. The delicious Sauvignon Blancs from Provenance are exceptionally well made. Both the non-estate and the Estate possess lots of exotic fruit intermixed with hints of delicate pineapples, figs and mangoes. - *RP*
